With up to +70 dB gain of power, it greatly enhances 4G LTE and 3G cell service for all your wireless cellular devices (smartphones, tablets, notebooks, hotspots, etc.) on any network provider in Africa. There are no monthly fees nor does it need to be connected to any internet source (wifi or landline) to work. It simply amplifies your existing in-building cellular service up to 32X for better voice, text, and faster internet. Backed by a 1-year manufacturer warranty, technical support team in Africa, 30-day better signal or money back guarantee, and lifetime technical support.

Goodbye, no-signal frustrations
