

weBoost "Plug and Play"

- Easy install, no drilling required, signal booster kit.
- Comes with easy to setup outdoor omni and indoor desktop antennas.
- Boosts 4G LTE and 3G for multiple users.
- Works for any phone using MTN, Cell C, Vodacom and Telkom
- Spot signal where you need it most
- Better talk, text & internet guaranteed.

No more annoying dropped calls, poor call quality & slow Internet!

The weBoost Home AH100-PP from Wilson Electronics is the most popular small room cell phone signal booster we currently offer. It features self-optimizing design for easy install & maintenance.

Powerful Signal Booster for when you need spot coverage.

Boosts 4G LTE and 3G for multiple users in a small area.

Works for any phone using MTN, Cell C, Vodacom and Telkom

Complete kit: all parts included, easy install.

Better talk, text & internet guaranteed.

With up to +50 dB gain of power, it greatly enhances 4G LTE and 3G cell service for all your wireless cellular devices (smartphones, tablets, notebooks, hotspots, etc.) on any carrier in South Africa.

There are no monthly fees nor does it need to be connected to any internet source (wifi or landline) to work. It simply amplifies your existing in-vehicle cellular service up to 32X for better talk, text, and faster internet.

Backed by a 1-year manufacturer warranty, locally-based South African customer support, 30-day better signal or money back guarantee, and lifetime technical support.

Goodbye, no-signal frustrations.
